Course Overview

Considering drama school?

During course, you will get a taste of the type of work you might experience at many of the **top UK drama schools**. This course will immerse you in the world of **Shakespeare**, equipping you with the skills and confidence to **excel in performances and drama school auditions**.

This course is for students with some acting experience looking to **experience drama school**. Working with the **experts from Oxford School of Drama**, you will gain a deeper understanding of **Shakespeare's language, character development** and **performance techniques**.

Mornings for this course will have an individual, **technical focus** with afternoons opening out into more **collaborative explorations of text**. We will explore a number of techniques including **Uta Hagen, Stanislavski and Meisner** as well as **improvisation**. Across the two weeks we will integrate **vocal exercises, stagecraft and movement**. At the end of the two weeks, you will take part in a **showcase of the work** and will come away from this course with a fully prepared and polished piece of work **ready for auditions**.

This programme combines perfectly with the **Drama School Short Course: Contemporary** to create a truly comprehensive four-week course.

Course Tutor: Sabi Perez

Sabi trained at RADA and has experience as an actor, teacher, director, facilitator, and coach.

Sabi's acting credits include work with companies such as The Kenneth Branagh Company, The National Theatre, The Orange Tree Theatre, Penguin books and Big Fish Games.
